HOW TO USE THIS BOOKLET

From the index on this page, locate the page number of your State. Then determine the postcode of where you are staying and find some clubs situated at locations nearby in THE LOCATION column on the left hand side. Next, look at THE TIMES section on the right hand side. The headings show the day of the week and the letters within the columns show whether the club plays one or more session(s) on that particular day at a time which suits you. (A blank line indicates that the club has failed to supply us with any details.)

The following keys are used (European time annotations):

a=9.00; b=9.30; c=10.00; d=10.30; j=12.00; k=12.30; l=13.00; m=13.30; x=19.00; y=19.30

CAPITAL letters: As above, but indicating that special conditions apply to that particular session.

(Examples: Playing at a different venue, supervised play only, play commences at a different time, club meets only every 3rd Tuesday of each month, must bring own partner, etc, etc.)

Many changes of venue and/or playing times occur after the publication of this booklet, so it is always best to phone the contact person before going; if a CAPITAL letter is used, it is imperative that you do.
